Extravagant Desire Unsupported.

San Francisco Offers no Evidence of Weight to Support Claims.

An Equal Rate to Mojave for Northern City Is Proved to Be Unfair.

Los Angeles Must Meet Only Objections Offered by the Railroads.

BY ROBERT H. WILLSON.  
(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO, June 22.—[Exclusive Dispatch.] San Francisco practically finished its evidence in the San Joaquin Valley rate case today. At the conclusion of the session the Southern Pacific's Attorney C. W. Durbrow, who is opposing the claim of Los Angeles, arose to protest against the worthlessness of the testimony introduced by the San Francisco witnesses and to offer evidence in support of his position.

Stockton has helped to prove the claims of Los Angeles; San Francisco has failed to offer evidence of any value in opposition and all that is left now to be met by Los Angeles is such evidence as the railroads may introduce tomorrow.

San Francisco's desire for equal rates as far south as Mojave is so extravagant and its position is so untenable that the railroads have refused to make an alliance in opposing the petition of Los Angeles. The San Francisco witnesses fell out among themselves today and two of them said they would not claim equal rates as far south as Mojave but only to the foot of the Tehachapi range, or practically to Bakersfield.

**VITAL INTEREST?**  
Why do you place the meeting point at the foot of the mountains instead of at Mojave as your traffic manager has done? Attorney Kuster asked of S. G. Mitchell, a mining machinery man.

"We are not vitally interested south of there," replied the witness.

"Ah, this is a matter of vital interest then that determines the territory San Francisco is asking for," suggested Mr. Kuster.

The witness saw the trap just in time to make a backward spring.

"It is not altogether that, it's a matter of how cheaply we can travel over the territory."

The San Francisco witnesses today, without exception, represented houses that have branches in Los Angeles. The burden of their testimony was that the parent house and the branch house divide the territory at the Tehachapi mountains, because it is cheaper to send traveling men as far south as Bakersfield than it is to have them come north from Los Angeles over a district in which there are no large towns.

**UNANSWERED.**  
F. P. Grogan came to the front on this question. He elicited the information that one of the houses has a resident salesman at Bakersfield and then asked this pertinent question: "If an independent Los Angeles house kept a resident salesman at Bakersfield would it not be able to travel the San Joaquin Valley as cheaply as San Francisco?" It may have been a question that called for no answer. At least it got none.

The real significance of the San Francisco evidence was brought out in a sharp bit between the attorneys after a recess. M. H. Robbins, Jr., Pacific Coast manager of the Otis Elevator Company had just been called to the stand.

"In your opinion as a merchant," asked Beth Mann, attorney for the San Francisco merchants, "where should the meeting point of rates between Los Angeles and San Francisco be fixed?"

"I want to ask right here," interrupted Attorney Durbrow for the Southern Pacific, "what right a merchant has to come in here, admitting he knows nothing about the conditions that determine rates, and give an opinion as to where the rates should meet?"

"We want the right to put in this evidence for what it is worth, the same as Los Angeles called upon its merchants to testify," replied Beth Mann.

"What I want to know is what all this evidence is worth to the commission," retorted Durbrow.

**LOS ANGELES, TOO.**  
"Los Angeles joins in the objection," said Attorney Kuster. "And we will also state that no such testimony as this was offered by any Los Angeles merchant. As to letting San Francisco introduce this testimony for what it is worth, we are somewhat curious to know just how far they want to go. It would be interesting from a psychological standpoint."

"I think some of the Los Angeles merchants said they would like rates as far north as Fresno," said Attorney Mann.

"I didn't hear anything like that," suggested Attorney Durbrow.

Mr. Kuster then read from a transcript of the evidence showing that Mr. Mann himself had asked one of the Los Angeles witnesses how far north he would like to go. The witness replied that if Los Angeles could get equal mileage rates they would take care of themselves as far north as Fresno.

When Mr. Mann had attempted to call the witness to commit himself to the record, the record showed that Attorney Kuster himself had protested against the testimony of a merchant who had not introduced for that purpose.

Mann's guns were spiked, but he said the railroad commission to all north to see them just the same, that there could be no equality and the distance is three

## REPUBLICANS NAME TENER FOR GOVERNOR.

John K. Tener,

formerly professional baseball player, and banker, and now Congressman from Pennsylvania, who yesterday was nominated for Governor at Republican State Convention.

## PENNSYLVANIA REPUBLICANS COMMEND THE ADMINISTRATION.

State Ticket Nominated Without Opposition — State Platform Especially Strong in Praise of the New Tariff Law — Accomplishments of President Taft Since Inauguration Are Enumerated.

(ASSOCIATED PRESS NIGHT REPORT.)

HARRISBURG (Pa.) June 22.—The Republican State Convention, held here today, nominated without opposition, the following ticket:

Governor: Congressman J. T. Tener, Washington county.

Lieut. Governor: Congressman John M. Reynolds, Bedford.

Secretary of Internal Affairs: Henry Houck, Lebanon county.

Treasurer: Charles F. Wright, Susquehanna county.

The platform commends both the national and the State administrations. The recently enacted tariff bill is commended as being in accordance with the Republican policy expressed in its last national platform.

One hour and fourteen minutes elapsed from the opening of the convention until it adjourned.

The platform adopted was as follows:

**THE PLATFORM.**  
The Republicans of Pennsylvania, through their chosen Representatives, in convention assembled, heartily endorse and commend the administration of President Taft, which, less than sixteen months old, is unique in its record of accomplishments. He has, in his own way, carried forward and developed the policies of William McKinley and Theodore Roosevelt, while enforcing his own and those in favor of which the party has declared in its national platform.

With unflinching patience and gentleness of manner, but with great firmness of purpose and unyielding determination he will, by the time the gavel falls at the close of the present session of Congress, have succeeded in the enactment into law of more important recommendations than any other President ever secured within so brief a time after his inauguration.

"Among this legislation may be mentioned the revision of the tariff; the bill for the more complete regulation and control of the interstate commerce; the establishment of a postal savings bank; the creation of a bureau of mines; the punishment of the white slave traffic; the creation of a tariff board; the abolition of the dividing point should be the Tehachapi mountains. He is president of the Pacific Implement Company, with a branch at Los Angeles. Mr. Kuster began to examine him as to his basis for this statement. Mr. Durbrow again protested against wasting time on worthless testimony.

"It may not be entirely a question of the worthlessness of the testimony," explained Mr. Kuster. "It may be a question of what it is shown to be worth. Anyway, that is just what we are doing, as your objection suggests, we are showing it to be worth nothing."

J. H. Jones, of the San Francisco house of Cunningham, Curtis & Welch, was very cautious in his testimony. "My opinion, not based on anything particularly," he said, "is that the meeting point should be at the summit of the Tehachapi mountains."

Traffic Manager William R. Wheeler, after he had been on the stand for a day and a half, and had been chased up one side of the Tehachapi grade and down the other by the Los Angeles attorneys, finally revealed the true inwardness for the San Francisco case.

He admitted that the object in having the rates extended to Mojave is to enable San Francisco to get an opening into the territory opened up by the California and Nevada Railway, built for the Los Angeles aqueduct.

Mr. Wheeler had testified earlier in the day that he did not believe in basing railroad rates on market conditions, but he did not want the new market created by the aqueduct line opened up to San Francisco.

**REASONABLE RATES?**  
Mr. Wheeler was pinned down by a long series of questions to this statement of San Francisco's demand to have the meeting place fixed at Mojave:

"The distance from San Francisco to Mojave is 271 miles and the distance from Los Angeles to Mojave is 100 miles. The ratio is 2.71 to 1 in favor of Los Angeles. The aggregate lift from Bakersfield to Mojave, to be overcome by shipments from San Francisco is 381 feet. The aggregate lift from Los Angeles to Mojave is 281 feet. The lift is practically on an equality and the distance is three

## DEMOCRATS OF OHIO HONOR HARMON AGAINST HIS WISHES.

(ASSOCIATED PRESS NIGHT REPORT.)

DATTON (O.) June 22.—The Democratic party of Ohio goes into the State campaign this fall with Jedron Harmon as its candidate for Governor and President. The Democratic State convention today honored him in the strongest terms for President, after it had renominated him for Governor by acclamation.

The belief held by many delegates that the Governor will resign shortly after the beginning of his new term in order to become a candidate before the next Democratic national convention, was voiced by former Gov. James E. Campbell. The ex-Governor was introduced into the State Central Committee, the Rules Committee and the Resolution Committee.

"Here is the man," he said, "who will be Lieutenant-Governor for six months and the Governor for a year and a half."

Both of these nebulous propositions, however, were accepted against the earnest protests of their beneficiaries.

**FUTURE REQUEST.**  
Gov. Harmon made a futile request of the Resolutions Committee that they omit the Presidential endorsement resolution, saying he is making his political fight on State issues and does not want national issues injected into the coming campaign. He was told it could not be prevented.

and then sell the cleared land for agricultural purposes. The stumps are to be treated by the "bath process" and the petroleum and by-products extracted. One plant of similar nature, using different patents, is in operation at Anacortes. Still another, costing over \$200,000, is being completed near Port Townsend by a French company already strongly established in France.

INTO THE ARCTIC NIGHT. Three American Missionaries See Communication With World Disappear When Steamer Sails.

[ASSOCIATED PRESS DISPATCH.] SEATTLE, June 22.—With the sailing yesterday of the schooner, Bender Brothers, went the only means of communication with the outside world in a whole year for three white people—Dr. Edgar O. Campbell, his wife, and Miss Anna Anderson—who are engaged in the Indian educational work for the government at Gambell, on St. Lawrence island, in the Bering Sea.

Since last October no word has come from them and one has been expected. Dr. Campbell and his wife have held the remote post for several years. For the last week officials in the Alaska educational service have been gathering magazines and other publications, which will serve to while away the long Arctic night, among the whites and natives along the coast from Bristol Bay to Nome.

The Bender Brothers will touch at all the coast ports on the educational bureau between these places. The cargo is made up of fuel, food and school supplies, besides the private purchase of those in the service.

DEFENSIVE. VAN LIEW IS ON THE CARPET.

EDUCATOR HAS TALK WITH THE GOVERNOR.

Is Given Opportunity to Tell His Side of the Story Regarding Charges Preferred by Girl Student of State Normal School—Gillett Proposes a Thorough Investigation.

[BY DIRECT WIRE TO THE TIMES.] SACRAMENTO, June 22.—[Exclusive.] Dr. C. C. Van Liew, president of the State Normal School at Chico, who has been accused of making improper advances toward Miss Ada Clark, a student, appeared before Gov. Gillett this afternoon and gave his side of the story. The Governor sent a message last night, calling him to this city.

The interview was strictly private, and what was said will be held under advisement until the Governor decides upon what to do.

It is understood, however, that the Governor did some pretty plain talking. When Miss Clark told her story to the Board of Trustees of the institution, she is said to have been checked when about to narrate some things she picked up in the student gossip regarding the head of the faculty. That was because it was hearsay evidence and not applicable to the case in point. But, in her long interview with Gov. Gillett, at his home, she was not stopped on account of legal requirements, and Dr. Van Liew may have been quizzed along these lines pretty thoroughly this afternoon.

According to the school laws, it will be necessary to call a meeting of the Board of Directors of the school, of which the Governor is the ex-officio head, and give it a thorough investigation.

It is understood about the Capitol that Governor Gillett will not make light of the affair, but will search to the very bit of testimony to the fullest extent.

Dr. Van Liew is preparing to attend the meeting of the National Educational Association at Boston and no official action will be taken probably until his return. He left for San Francisco late today, after his talk with the Governor. Miss Clark has gone to her home in Woodland.

CAR KILLS WORKMAN. PECULIAR ACCIDENT FATAL.

[BY DIRECT WIRE TO THE TIMES.] CORAM, June 22.—[Exclusive.] Jacob Venger, a German, aged 40, was killed in the Balkans Copper Company's smelter last night. He was standing between two trolley tracks looking over from a bin overhead with a long bar. He drew the bar back so that it struck behind him and over the track. A train coming along struck the bar and knocked Venger under it. He was killed almost instantly. Venger had worked in the smelter only a month. Nothing is known of the whereabouts of relatives.

DENTISTS IN CONVENTION. SAN FRANCISCO, June 22.—The State Dental Association met here today for its annual convention. The convention, which will be in session for four days, has 300 delegates in attendance.

GLOBE PLANS BIG DOINGS. GLOBE (Ariz.) June 22.—What promises to be the biggest celebration ever held in this city will occur July 4 to honor Statehood. Arrangements were completed for the fair at a big meeting held tonight at which great enthusiasm was manifested.

ELOPEMENT FOILED. SHORT PURSE ROBS LOVERS OF ROMANCE, WED IN COMMON WAY.

[BY DIRECT WIRE TO THE TIMES.] OREGON (Or.) June 22.—[Exclusive.] Puffed in their pride by a lack of funds, Frank J. and Miss Marion Orr, beautiful daughter of a wealthy Seattle banker, were brought to a state of mind to elope. The girl, however, was suspicious. Her father, Mr. Orr, the banker, was suspicious. The result was that the elopement was foiled and the young couple were wed in common way.

BLOOD-SPOTTED AUTO IS FOUND.

Man and Woman Seriously Injured.

Ownership of Machine Traced to Contractor.

Names of Joy-Ride Victims Kept Secret.

[BY DIRECT WIRE TO THE TIMES.] SACRAMENTO, June 22.—[Exclusive.] Badly wrecked, a large automobile was found deserted this morning on the Riverside Road, one of the joy ride thoroughfares of this vicinity.

It was spattered with blood. Near-by, in a pool of blood, lay a broken hair comb and a package of cigarettes. The number had been removed from the machine.

Before it could be taken away, however, the automobile was identified as the property of H. H. Holt, a contractor. The accident occurred at 1:30 this morning, and at least two of the occupants, a man and a woman, were badly injured. Mr. Holt's wife is out of the city, and Holt says his companions were friends of the family.

The two who were seriously injured, a man and a woman, were picked up by Will Keating, a partner of Holt, and his companion in the second automobile on the joy ride. They were taken to a private residence and physicians called to attend them.

Guy P. Jackson, one of Holt's companions, was injured about the head and neck. He is in a serious condition.

The names of the women have been kept secret. One, at least, is dangerously hurt. Dr. Hart, who attended them, declared today that he had been requested by his patients to refuse to discuss the case, and so he was silent. Dr. F. E. Shaw, who was associated with Dr. Hart, had been similarly requested to be silent.

Holt lost control of the steering gear when the machine ran into a strip of bad road. The machine turned over and was wrecked so that there was little left of it except the frame.

TRIP IS ONLY DELAYED. Trip Returns Transportation, But Keeps Cash Filched from San Francisco.

[BY DIRECT WIRE TO THE TIMES.] SAN FRANCISCO, June 22.—[Exclusive.] Joseph Kelly of San Francisco, whose journey to Europe was unexpectedly interrupted yesterday by the theft of his transportation and money as he was boarding the train in the Union Station here, was able to leave for Chicago this afternoon as the thief, after rifling the pocket book of all the cash it contained, deposited the rest of its contents in a mail box.

The property was returned to Kelly by the postmaster in time for him to make connection at New York with the Celtic, on which he will sail for Liverpool, later visiting Dublin.

In addition to the railroad and steamship tickets, the pocketbook contained \$700 in checks and \$250 in cash. The last figure represents Mr. Kelly's total loss, as he recovered everything else.

Kelly, who had been visiting his brother in Omaha for two weeks before leaving for Europe, only discovered his loss after he had boarded the train for Chicago last night and reached into his pocket for the ticket to give to the conductor.

ICE CRUSHES SHIP. PASSENGERS ARE SAVED.

[ASSOCIATED PRESS NIGHT REPORT.] NOME (Alaska) June 22.—The schooner Joe Matthews, from Nome for Goelevik Bay, was crushed in the ice of Bering Sea, just inside Cape Dezhnev, yesterday. Twenty passengers and the crew reached shore in safety over the ice, but the schooner in Chinak. The schooner has not yet gone down, but is hopelessly crushed and will be a total loss, with the cargo. The revenue cutter Bear is standing by, but cannot reach the schooner because of the heavy ice. The Joe Matthews was a gasoline boat, forty-five feet long.

PIONEER COMMITS SUICIDE. JOHN W. EARLY IS DEAD.

[BY DIRECT WIRE TO THE TIMES.] LAMONE, June 22.—[Exclusive.] John W. Early, a pioneer of Shasta county, employed here as night watchman for the Lamone Lumber company, helped himself to carbolic acid in the hospital yesterday afternoon and swallowed a good dose with suicidal intent. In spite of medical attention that was instantly available, Early died after eight hours of agony. No cause is known for the deed. He was in good health and was apparently at peace with the world. A widow is left in the old town of Shasta, where he had made his home for thirty years.

SLOPE BRIEFS. Quiet Fourth for Chico.

CHICO, June 22.—Mayor Robble said today that the new Fourth of July ordinance prohibiting the use of fireworks, crackers, and the like, etc., would be enforced to the letter. He will so instruct City Marshal Coe.

Boiler Wrecked; Abandoned. VICTORIA (B. C.) June 22.—Dispatches from Prince Rupert says the Victoria sailing schooner, Eva Marie, bound to Bering Sea, struck near Green Island last night, soon after leaving Prince Rupert, and was abandoned. The sailors, thirty in all, mostly Indians, escaped in two boats and ten canoes carried by the vessel. The weather was fair and there was little wind.

Steamer Is Disabled. PRINCE RUPERT (B. C.) June 22.—The steamer Vado arrived here today and reports the steamer Humboldt disabled at Lowe Inlet, having broken a forward thrust spring. Some of the passengers and perishable freight were brought here by the Vado, and the Humboldt is being towed back to Seattle. The City of Seattle will bring the remainder of the Humboldt's baggage passengers.

JEFF PLEASSED  
AT NEW CAMP.

Is Crowd He Was Never in  
Better Shape.

Instruction of Big Arena Is  
Being Rushed.

After Determined to Stage  
Middleweight Bout.

(ASSOCIATED PRESS NIGHT REPORT.)

RENO, June 22.—James J. Jeffries is in the training camp prepared at Moana Springs, three miles from Reno. Work on the arena for the big fight has been begun. Promoter Tex Rickard says he is satisfied state authorities will make no attempt to interfere with the battle.

Hester announced tonight that the site of the proposed Landerford bout had practically been determined upon. It is to be located, he said, about midway between Reno's new district and the site of the arena for the big fight. Arrangements for the building material are now being made, according to the promoter, and the citizens' fight committee are opposing Hester's plan to have the contest on or before the date of the Jeffries-Johnson battle.

worrying about that. I have always been able to stand the altitude wherever I have been. Just before I went into training at Rowdennan I was in the mountains around the Tehachapi for some time, at an elevation of over 6000 feet. I climbed mountains and did a lot of other work, but it never affected me. If it didn't then it isn't going to now, after the careful course of training that I have been through. Up here in Reno where there is plenty of warm sunshine and good fishing I expect to round into the best form I have ever been in.

"I feel that the people of Nevada are glad to have the fight take place on Nevada soil, and I am going to give them the best that is in me." Tom Flanagan, Johnson's manager, bused himself today preparing for the negro champion's arrival, which probably will be on Friday morning. Two boxing platforms are being constructed adjoining the roadhouse picked out for Johnson's camp. One is to have a wooden floor, the other a floor of tamped earth. As Johnson is expected to bring fight gymnasium paraphernalia along with him, the only piece of training apparatus Flanagan says he has purchased here is a punching bag and stand.

"Johnson won't have any complaints to make when he sees the camp I've picked out for him," Flanagan said this evening. "Everything is new for his work will be right there and the living accommodations are great."

DELANEY DELAYED.

According to a letter received by Flanagan from Billy Delaney, the veteran trainer will not accompany Johnson to Reno, and may not come until some time next week.

"I don't think anything is wrong," Flanagan said, when asked for an explanation of Delaney's intention to remain in San Francisco. Delaney knows his business, and he probably figures that Jack won't need him for a few days.

Rickard is still receiving offers from various parts of the country for the big fight. A telegram from Lookka, Okla., this afternoon, signed "Garfield Golf Club," contained a bid of \$200,000. The promoter grinned when informed by the Associated Press that the offer received from Toronto, Can., this morning had been declared a hoax.

"Well, hoax or no hoax," he remarked, "however spruce the joke knew how to make a business-like proposition for a prize fight. It certainly took me in, all right."

SCRAPPERS RIPE.

BOXERS READY FOR CONTESTS.

ABE ATTELL AND OWEN MORAN END TRAINING.

Champion Appears to Be in Good Condition and Is Below Required Weight—Jimmy Austin to Hook With Chico in Bout That Promises to Be Very Lively One.

Manager McCarey has completed the boxing card for tomorrow night at Naud pavilion and on paper it appears to be a promising one. It is as follows:

Owen Moran and Abe Attell, 124 pounds at 5 o'clock, ten rounds.

Young McGovern and Beryl Hatten, six rounds.

Paul Sikora and Jeff O'Connell, six rounds.

Jimmy Austin and Battling Chico, six rounds.

These boys are about the best bunch which the Pacific Athletic Club has brought together for many months and all of the contests are expected to give the fans plenty of thrills. Young Terry McGovern will fight with Hatten and as both boys are exponents of the flit art, a lively mixup is anticipated. The boys will weigh about 115 pounds when they enter the ring and seem to be as evenly matched as any pair which has donned the gloves at the pavilion.

Jimmy Austin, the paperweight champion of the Coast will be seen in action again, having Battling Chico for an opponent. Chico made a good impression with the fans when he beat Kid Love and his followers believe he has a great chance to get the decision over the clever Jimmy.

Paul Sikora has shown good style with the mitts in the two bouts in which he has participated and Jeff O'Connell won his only professional contest in which he has appeared in Los Angeles. These boys are good ones and should put up a pretty bout.

Moran contended himself with road work, cutting out the laborious ring work. He is trained and will be ready to do justice to himself when he hooks up with Attell tomorrow evening.

Attell did his highway work in the morning and in the afternoon was in the ring at Arcadia, ending with four rounds of boxing with Charlie Dalton and two with Jimmy Austin. Abe weighs 122 1/2 and appears in prime shape for the contest.

Exclusive Telegraph Stories Describing the Heavyweight Battle and Occurrences at Reno During the Days of Preparation to Be Furnished to Readers of "The Times."

(BY DIRECT WIRE TO THE TIMES.)

OAKLAND, June 22.—[Exclusive Dispatch.] Jack London, the famous novelist, author of the "Sea Wolf," "Burning Daylight," and other tales of adventure on land and sea, in the tropics and in the Arctic zones, today agreed to report the fight for "The Times." He is accompanied by a corps of other special writers who will telegraph the technical part of the fight and cover the news developments from day to day.

Mr. London will write a descriptive story of the fight, the condition of the fighters, and their likelihood of winning the championship prize of \$100,000. It will be a great treat for the readers of "The Times" to be enabled to read these stories from a writer who is not only a master in the work of fiction, but has also proved himself a past master in describing a static contest. All will remember the report of the Burns-Johnson fight in Australia, which Mr. London reported in his masterful and forcible style.

been secured for the readers of "The Times," and no other paper in Los Angeles will be able to publish them.

LONDON QUALIFIES.

FIGHTS SALOON KEEPER.

(ASSOCIATED PRESS NIGHT REPORT.)

OAKLAND, June 22.—Jack London, novelist and traveler, was in Police Judge Samuel's court this morning on a charge of battery sworn to by Tim Muldowney, proprietor of a Tenderloin cafe who had been arrested on a charge of battery sworn to by London.

The novelist fought with the saloon man last night, and both received black eyes.

London claims he was attacked without cause and that he was surrounded by seven men, who forced him to continue the unequal contest with the dive-keeper.

Muldowney says London attacked him without reason, intimating that the writer was drunk.

Both men were released on \$50 bail and the cases were set for July 5.

COALINGA NEXT.

NO MORE FIGHTS LIKELY.

(ASSOCIATED PRESS NIGHT REPORT.)

FRESNO, June 21.—Prize fighting will be all likelihood be stopped at Coalinga. Dist. Atty. Church today

announced that he will abide by any orders given him by the Governor on the subject.

Pugilism has flourished to a considerable extent at the oil town for the last two years, and it is generally expected that the next attempt to hold a fight there will cause the authorities to take steps to prevent it.

HANDBALL PLAY.

Matches Are Played Off in Class B and Champion Game Set for Saturday Morning.

Four matches were played yesterday in the handball tournament now on at the Los Angeles Athletic Club, and the finals are now practically in sight. In class B, Nest beat Lacey, 14-21, 21-11 and 21-4, and Sam Wood beat Charles Trueman, 21-15 and 21-20. Frank Garbutt lost to L. Alauzet, 21-11 and 21-4. Cochran won in the A class by default.

In class C, Dr. R. Griffith beat H. J. Kimmeler, 21-3 and 21-5. A championship game will be played Saturday morning between Whalen and Barker.

Preliminaries Over.

CHICAGO, June 22.—W. J. Raup, of Chicago, took first honors here today in the preliminaries to the Grand American handicap shoot, at the Chicago Gun club, which takes place tomorrow. Raup and Shaw tied with 99 out of 100 targets. Three professionals, Guy Ward, of Atlanta; James K. Skelly, of Chicago, and J. I. Taylor, of New York, finished with 98 each.

TAKES BACK TOLD MANAGER.

Johnson Settles With Little and Reinstates Him in Former Position.

(ASSOCIATED PRESS NIGHT REPORT.)

SAN FRANCISCO, June 22.—The disagreement between Jack Johnson and his former manager, George Little, was settled at a conference late tonight between Little and attorneys representing the two men.

No figures were given out as to the amount of the settlement, but it is said it is very near the original claim of \$41,000. Little again becomes Johnson's manager.

Bert Schlesinger, Little's attorney, with several friends, represented Little. W. E. Humphrey, attorney for Johnson, acted for the champion. The opening amicitiae between the two camps were in the hands of Alfred Myerstein, who acted as arbitrator.

George Perry, notary public, took down the statements and agreement. The overtures of peace and the final happy reconciliation were not confined to the financial difficulties. Little dictated a statement in which he said he bore Johnson no ill will, and that he would stand loyally by the champion's interests at the latter's camp at Reno.

"I have wagered large amounts on Johnson," said Little, "and I still believe he will win."

The meeting ended with warm protestations of friendship on

YACHT HAWAII  
REACHES PORT.

Fast Racer Out Twenty-two  
Days from Honolulu.

Will Return as Contestant in  
Trans-Pacific Race.

Many Entries Coming in For  
Great Contest.

(BY DIRECT WIRE TO THE TIMES.)

SAN PEDRO, June 22.—[Exclusive Dispatch.] The handsome yacht Hawaii, the entry of the Hawaiian Yacht Club in the trans-Pacific race scheduled to start from this port on July 1, arrived here at 1 o'clock this morning.

The Hawaii carries a crew of eleven men and is commanded by Capt. Charles F. Wilder, who is tax assessor for the Honolulu district. She was built by popular subscription and was sent here to win the 1908 trans-Pacific race, which started from the outer harbor on July 4. She was unsuccessful, however, being defeated by H. H. Sinclair's yacht Lurline, representing the South Coast Yacht Club, which finished first, and by the yawl Gwendolyn II, entry of the Seattle Yacht Club, which finished second.

MUCH FASTER.

This year the Hawaii has been altered and her crew feels that she is much faster and expresses great confidence that she will annex this year's race. A large amount of ballast has been taken out of her and she is six inches higher on the water line than when she was a contender in 1908. Her sail plan remains the same. The voyage over was made in an old suit of sails, but before the race of July 9 she will have a brand new set, which was brought along. She has recently been on the dry dock at Honolulu, and will not need to be overhauled here before the race.

The first man to greet the Hawaii this morning, and also in 1908, was W. A. Brunnick, who went out in a launch and met the yacht and piloted them to their berth in the inner harbor. Brunnick will sail Commodore R. C. Smith's yacht, the Sweetheart, flying the colors of the South Coast Yacht Club, one of which great things are expected. Brunnick has had the Sweetheart out every afternoon for several days, tuning her up, and is highly pleased with her performance. She is expected to do some fast sailing in the coming race.

RIVALRY KEEN.

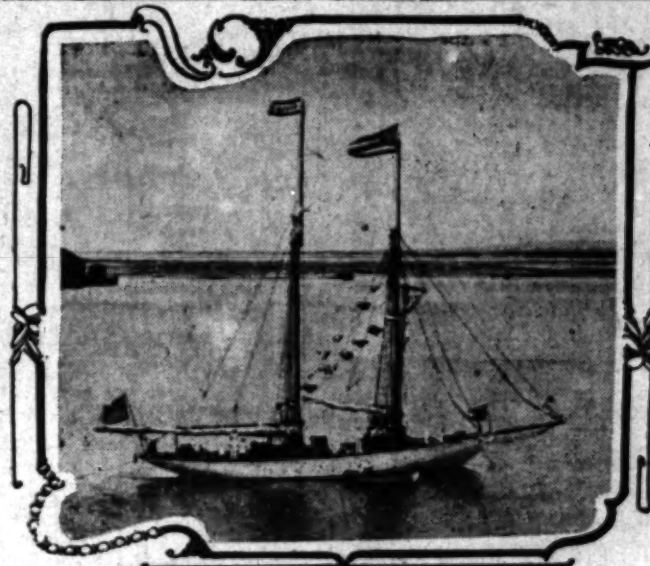

W. H. Stroud, who sailed in the Hawaii in 1908, is back again as first mate. He and Brunnick are already laying wagers over the respective merits of the Sweetheart and the Hawaii. When Stroud is at home he is collector of customs at Honolulu. The other members of the Hawaii's crew are J. H. O'Brien and Charles Lewis of the Honolulu Iron Works; T. V. King, Deputy Assessor; Robert Hendley, a student; W. C. Wilder, a planter; George Simms, cabin boy; J. L. Hamilton, Steward, and Capt. William Tornstrom, a retired sea captain.

The latter is known as a most competent "sea dog" at this port, which was formerly his home. He commanded the coastwise clipper schooners Ludlow and Comet for many years in the lumber trade between Seattle and San Pedro. He sailed away in the yawl Gwendolyn II in the trans-Pacific race two years ago and will make the round trip to Honolulu in the Hawaii.

ALAMEDA CRAFT ENTERED.

Besides the Hawaii and the Sweetheart, the new yawl Maillou, recently built by Stone & Van Bergen at San Francisco for Francis E. Smith, will be a contestant. The yawl will be sailed by Louis T. Ward, commodore of the Alameda Yacht Club of Alameda, and the crew will be composed of a number of members of the club who have accepted Ward's invitation to accompany him on the voyage. The Gwendolyn II is expected to enter from Seattle and it is barely possible Frank Garbutt's schooner yacht Skidbladnir will be a contestant. Tacoma may be represented by the yacht La Jiviera. The Juviline, winner of the two former races, will not be a contestant.

The officers of the Hawaii have with them a beautiful painting of the volcano Kilauea, which will be presented to the South Coast Yacht Club. Capt. Wilder and the officers and crew of the Hawaii, which is expected to start

speedy little boat that arrived at San Pedro yesterday to enter in the race to the islands in three weeks.

Nix for Brighton.

NEW YORK, June 22.—There will be no racing at Brighton Beach track this season, according to understanding in well-informed sporting circles. No formal statement has been made, but announcement that a twenty-four-hour automobile contest would be held during the time allotted the Brighton Beach Racing Association, is regarded as sufficient notice. The racing at Brighton Beach was to have begun on July 1.

Forebearer Shines.

NEWBURY (Eng.) June 22.—The apprentices' plate of 250 sovereigns for 2-year-olds had upward of distance one mile, straight course, was run here today, and was won by Charles Carroll's Torchbearer. Bajazel was second and Broken Toy third.

Americans Trimmed.

STONEY (Australia) June 22.—In the interuniversity athletic meet Monday Sydney University defeated the all American team made up of University of California, Stanford and University of Nevada men, 48 to 27. Sydney University defeated the American college men in Rugby football, 10 to 9.

Preserves for Sale.

SAN FRANCISCO, June 22.—In the interuniversity athletic meet Monday a gun club offered \$40,000 for the Suisun marshes and the duck preserves of the late Herman Geirich of New York. The court refused the offer and announced that the preserves would be disposed of at public auction next Friday.

**PLAY IN VENICE TENNIS TOURNAMENT TO BEGIN TODAY.**

THE seventh annual tennis tournament of the Venice Country Club is to begin today. The junior singles are scheduled to begin at 9 o'clock and the men's singles are to start later in the morning. The entire day is to be devoted to these events, the mixed and ladies' matches starting tomorrow. The finals in all the classes are to be played Saturday.

The entry list includes the names of many players who have never before engaged in important tournaments. Several of the old-timers will be missing from the courts. The management was unable to announce the drawings last night. They are to be made early this morning.

The play promises to equal if not surpass in interest any previous beach tournaments. Long and McLoughlin, the northern crack, will share with May Sutton and Tom Bundy the head line honors. The winner of the men's singles is to meet Bundy in the challenge round and this match probably will be exciting as undoubtedly McLoughlin will be the man who will endeavor to wrest the cup from Bundy. Maurice and Bundy have met seven times, and the northern has four victories to his credit. Tom is in fine form and is confident that in case he goes up against McLoughlin he will at least give him a hard run for the trophy.

Special attractions are being arranged for the last day of the tournament by Thornton Kinney, who is managing the tournament. Mrs. May Florence Allen and her partner, Miss Florence Allen and Bingham. Men's doubles: Dixon and Sheldon, McLoughlin and Long, Rogers and Rogers, Halliburton and Freeman, Myers and Bingham, Sheldon and Sheldon, Kendall and Kimmerman, Holmes and partner, Noble and partner, Bacon and Young, Barker and Barker, Whitaker and Dietrich, P. Barker and Morphy, Gastrick and Johnson.

Ladies' singles: Miss Alice Scott, Mrs. B. Whitaker, Miss Josephine Fivins, Miss Margaret Merrill, Miss Marion Tait, Miss Edith Rolland, Miss Anna Stephens, Miss Palmer, Miss Pannier, Mrs. Rowan, Mrs. Wilson, Miss Florence Allen.

THREE AUTO RECORDS BROKEN BY OLDFIELD AND KERSCHER.

(ASSOCIATED PRESS NIGHT REPORT.)

S. T. PAUL (Min.) June 22.—Three world's automobile records were broken at the Twin City aviation meet at the State Fair grounds this afternoon.

Barney Oldfield lowered the one-mile and two-mile records for a circular dirt track, and Ben Kerschler set a new world's mark for three miles on a circular track.

Oldfield, driving his 200-horse-power Buick, made both his records in the two-mile event. Taking a flying start, he made the first mile in 49.4 seconds, and the second mile in 50.1 seconds, making the two miles in 1:39.5.

Both of his miles beat the former record of 1:44.4 seconds, held by Ralph de Palma. The best previous record for the two miles was 1:44.4, made by Kerschler's new record for the three miles was made in a 100-horse-power Darracq, a former Vanderbilt cup winner. His time was 2:28.1-5.

Glenn H. Curtiss, J. C. Mars and C. F. Whitaker, who had been scheduled to race, postponed their appearances because of unfavorable weather, but gave several exhibition flights.

**TOURISTS HAVE DISASTROUS DAY.**

ONLY THREE GLIDDEN AUTOS ESCAPE PENALTIES.

Chalmers Bill Retains Perfect Score—Cars Strike Rough Going on Railroad Bed—Ten Cars Remain in Contests—Many Points Lost Replacing Radiators.

(BY DIRECT WIRE TO THE TIMES.)

LAWTON (Okla.) June 22.—[Exclusive Dispatch.] For a fraction over 200 miles the ten cars which remain in the contests for the Glidden and Chicago trophies struggled across the prairies and through the sand bottoms of Texas and Oklahoma. The day, which completed the first calendar half of the tour, was the hottest to date and one of the hardest on the cars and men.

Only three machines rolled into Lawton with clean records for the day. One of these three was Chalmers No. 1, still the only perfect score near in the tour. The other two were contestants for the Chicago trophy, and were Lexington No. 13 and Maxwell No. 107. It was again a day when many radiators had to be replaced. Preliminary No. 1 lost three points, Chalmers No. 4 lost twelve, Maxwell No. 101 lost three, and Maxwell No. 103 lost three, all for taking on water outside of a control.

For more than a mile the cars bumped along the roadbed of the Rock Island system. Chalmers No. 4 lost three points for replacing a fender. Maxwell No. 1 suffered forty-three for replacing a spring clip, putting in a new radiator rod and adjusting the belt of the radiator fan. Glidden No. 10 lost 104 points for putting in a new spring.

It was announced tonight that hereafter Chalmers No. 4, which has been driven by Joe Matson, will be the official contest car, being withdrawn from the Glidden contest. The Columbia Facemaker broke a wheel today, but got a new part and reached Lawton tonight. The Halladay Press car, which was thought to be out of the running, also finished tonight.

Wright Wins Again.

WIMBLEDON (Eng.) June 22.—Beals C. Wright of Boston won a victory in the all-England championship tennis tournament today, defeating F. Q. Love in the third round of the singles in three straight sets.

"Lillie" Him in Home**

(BY DIRECT WIRE TO THE TIMES)

PITTSBURGH, June 25.—[By Dispatch.] Pittsburgh has been shocked today over details of Brooks-Williamson case of yesterday when the actual Mrs. P. H. Williamson was placed in jail charged with attempting blackmail information made by John Brooks, a rich real estate man east and who fled from the home some evenings since any clothes he speaks of.

Williamson who was sitting at her own home at the time through a back window, is still while his wife is in jail.

Developments of the day, however, tend to prove that Mrs. Williamson was a large and woman, found her rather successful when he attempted to visit of Brooks to his home.

"The Lillie affair," William said, "and I am sure it will chair and tied him with a rope."

Mrs. Williamson, however, became a party to any such thing him to even touch any of Brooks' body with the knife. She threatened to thrust her room and door at the time, loomed the rope which bound and permitted him to escape by a back window, with his hands bound and bleeding. The real estate man managed to get his clothes.

## Male Lingerie Waists

**\$1.50 to \$2.00**  
**Waists \$1.00**  
**\$2.50 to \$4.00**  
**Waists \$2.00**

We have assembled here for today's sale more than 500 pretty, lace and lingerie waists, comprising odd lots and broken lines of this summer season's very best sellers. We've cut prices so deep that there is no question about them being taken in short order. Some of them are tossed and rumpled now and then, some slightly soiled perhaps, but the laundry will fix them easily enough.

They are of batiste and fine lawn, and made properly—every line is represented.

Not a size in each particular style, of course, but a size to fit every woman in some pretty style.

Waists formerly sold at \$1.50, \$2.50 and \$2.00, now \$1.00

Waists formerly sold at \$2.50 to \$4.00, now \$2.00

FOR AN EDUCATION.  
**STILL MORE  
CONTESTANTS.**

Great Enthusiasm Over the  
Scholarship Race.

Stalwart Young Pasadena  
Comes to Front.

Promises of Assistance to  
Many Candidates.

A new feature of the Scholarship Contest is the announcement that any contestant entering and working may ask for the installment of any scholarship in the Southern California Institution and it will be placed upon the list.

This is an extremely liberal offer and cannot fail to elicit the interest of all who desire an education. More contestants, more enthusiasm.

Miss Lillian Washer,

Los Angeles High School girl, of No. 219 East Avenue 26, who will seek a musical scholarship.

## BIG TRACT FOR SCHOOL SPORTS.

Forty-three Acres in Proposed Athletic Field.

Plan for Setting Aside Area Within Agricultural Park Speedway Favorably Discussed at Meeting of Playgrounds Commission—Would Be Devoted to All Schools of City.

The forty-three-acre tract within the proposed speedway at Agricultural Park is to be converted into an athletic field for the pupils of all the public grammar and high schools and private schools of Los Angeles county.

All the schools in Los Angeles city and county are to be organized into an athletic league, which will conduct its sports on the great field. Arrangements to this end were made yesterday at a meeting of the Playgrounds Commission and W. M. Bowen and Mark Kep-

ton, a sub-committee of the School Commission, have nothing to report.

Some of the boys and girls come in, day after day, with promises of assistance from all sides.

It is the hope that all who conveniently can do so, will call at headquarters on Saturday, at 1 o'clock, as we wish all the youngsters to become acquainted and to learn who are their brother and sister contestants. There will be "doings." Come and see!

If it is possible to call at headquarters before Saturday, all will be pleased to become acquainted, but there may be some questions to ask which will smooth the way.

Another contestant entered from Arizona, yesterday. This one is in Bismarck. Harry Simmers is his name; he is 16 and is proposed by M. J. Doyle, a city official of Bismarck. He carries a morning paper and is said to be a bright and intelligent lad. The new State now has two contestants, one from Bismarck and one from Douglas.

A PASADENA FAVORITE.

Ben Knapp, of 591 Glen avenue, Pasadena, has worked his way through two years of Throop Institute, and he wishes a scholarship to that institution for next year. So he is in the race with both feet and his bike. Ben is 18 years old, is president of the Baranca Club of Lincoln avenue Sunday school, and is on the Throop track team, where he is the hurdles and won his 77. His father, Dr. Knapp, is a city official of the Pacific Electric, and is an Odd Fellow. Young Knapp has a determined air, and has shown his pluck, by what he has already done to accomplish an education. He has entered the contest with much vim.

Jane Romero is 16, but large for her age. She is good looking, and a good speaker, and is anxious to win a dramatic scholarship. It is believed in Santa Barbara that she will make an excellent race. This seems to her and her parents to be a very good thing.

Miss Lillian Washer, whose picture appears in this issue, is a Los Angeles High School student, of the class of A-10. Miss Lillian is 15 years old, pretty and rather retiring in disposition. She loves music, is now studying the piano, and is a very musical scholar. Her father is a switchman for the Southern Pacific. The family are members of Epiphany (Episcopal) Church. In school, Miss Washer is especially fond of history, and she will doubtless make history in this contest.

J. H. L. Harris of No. 225 Bonita Place, Hollywood, is a newly enrolled contestant, of whom we shall hear more, later.

THE BAREFOOT BOY.

Young McCarthy, the "Barefoot Candidate" of three years ago, was an interested caller at headquarters. He won a military scholarship, which suit him. He was but 11 years old at the time, and he thinks he got a good start in the ways of business as well as his scholarship.

Word came yesterday from a former scholarship winner, Miss Alice Capron, to the effect that she is now receiving \$5 per evening for singing. Miss Alice won two scholarships, and these winnings placed her in business.

Miss Anna Montgomery of No. 1490 Allison avenue, is a recent arrival from Chicago. She is a musical scholar, and she hopes to win a scholarship in that art. Miss Montgomery has made her own way in several lines, and has a charming address.

NOTES.

The cash prize for more liberal this year than ever before, and this feature makes the contest one of the greatest ever presented.

It is hoped that by Saturday

SAY HE'S A LEECH.  
**EARS PRICKED  
FOR A QUACK.**

Search for Fer-Don Is Going  
on Here.

Ranter in Multiple Wanted in  
Sacramento.

Breaker of Medical Ethics Is  
Hunted for.

"The Great and Only Fer-Don," a ranting, prancing medical practitioner who swooped down upon Los Angeles and vicinity a year or two ago with more noise and disturbing elements accompanying him than Halley's comet, has been located for, he wanted on a case in Sacramento, where he may utilize his skill in keeping out of jail.

The authorities of the capital city are engaged in a hunt for Fer-Don, who is under indictment there on a charge of obtaining money under false pretenses. The District Attorney's office here has been requested to lend its help in locating the indicted man, as it is known that he was in Los Angeles only a few days ago.

Dist. Atty. Wachhorst of Sacramento has taken personal charge of the search, and at his instigation Deputy Sheriff Cook of that city has been sent here to escort Fer-Don North in the event of his arrest. A swift and energetic trial awaits the accused.

Fer-Don has caused more commotion among the men of medicine on the Pacific Coast than perhaps any combination of objectionable causes, or ill-natured medical quackery.

He is a man of striking physique and endowed with illimitable assurance. Fer-Don has attracted attention by his disregard of medical ethics. Sensational methods of advertising brought him considerable attention while in this locality, and he was charged with making claims as to his ability to effect cures in cases that the most skillful of physicians and surgeons had become convinced were impossible.

Fer-Don's custom was to hold personally-conducted street parades, mostly in the early evening, and frequently to attract attention he would toss handfuls of money to the crowds that followed in his wake.

He was considered to be reaping a golden harvest until the last performance was given and he packed up and departed.

In Pasadena Fer-Don held forth several weeks, until the local authorities were appealed to by the medical association for his suppression. The Crown City devised a plan of issuing a preliminary license fee for all such wanderers, but Fer-Don announced his intention of remaining there and fighting the law on the ground that the ordinance was unconstitutional. He was released on \$200 bail and, odd as it may seem, he had aroused considerable sympathy for himself. His bluff at fighting the ordinance and the concern of the Pasadena lawmakers, because they were of the same opinion as Fer-Don on the subject, for some unexplained reason he did not make his threat and he finally drifted away from that city as he had from Los Angeles.

SIX OF HIM.

About six months ago Sacramento awakened to the fact that the "Great and Only Fer-Don" was in its midst, and that there was a doctor in the town who was literally adrift with his sensational advertising calling upon the afflicted and sorrowing to visit him and be freed from all their earthly ills. And as usual, it was not long before the Fer-Don headquarters in a leading hotel were daily crowded with the afflicted, and the doctor was doing out of \$100 by "Fer-Don." He did a land-office business, and every Fer-Don on the staff was taking in dollars faster than they could count.

But the rush continued too long, or somebody got too greedy, for a woman patient made complaint to the District Attorney that she had been swindled out of \$100 by "Fer-Don." According to her story, which a jury a few days ago accepted as true, this woman paid over \$100 to be cured of some ailment, but she was given a fusel treatment because she would not pay an additional fee of the same amount. As she was cured of nothing except her belief in the magical powers of the much-advertised "doctor," she sought the help of the authorities.

It developed in this trial, which ended last week, that the particular "Fer-Don" to whom the woman paid her money was known as H. T. Thornberg, and that he wasn't Fer-Don at all. Mrs. Fer-Don was at the trial to testify to the fact that she had been swindled, and she was immediately sent to District Attorney Frederick's office with a request for assistance in bringing about his arrest.

IN A VERITABLE forest of pepper boughs and Shasta daisies, the faculty of the State Normal School yesterday secured its annual recognition to the graduates, of whom there were 218. The class is an unusually large one, and seven of that number are young men. The faculty had a very large receiving line in order to care for so many young people. Refreshments were served, and a general informal good time was enjoyed by all.

FOR A VICE-CONSUL.

The German-American Alliance has asked the Chamber of Commerce to use its influence in securing the appointment of a vice-consul.

Los Angeles Girl Has to Promise to Stay Single for a Year.

Miss Vega A. Brugman, from the Los Angeles Polytechnic High School and Throop Institute, Pasadena, has been engaged as the head of the domestic science department of the Kern county high school at Bakersfield, on her promise to stay single a year.

She is a very fine looking young lady and the school authorities were dubious.

Her predecessor left to get married as did also Miss Estelle Story. Six girls in the school were married before the close of the last term.

CUPID POISONED.

## SAD SIGHT IS SEEN BY HUBBY.

SHARP CONTRAST ACROSS ALHAMBRA STREET.

While Wife Lives in Hundred and Fifty Thousand-Dollar Mansion on One Side of Thoroughfare Her Occupies Quarters in Two Hundred-Dollar Room.

One of the most extraordinary incidents of the estrangement of Herman Brunner and wife, involved in a trial now going on in the Superior Court before Judge Crowe, came to light yesterday.

This was in the examination of the husband's bank account. His accounts from the end of May to the latter part of August, 1909, were the particular object of inquiry. The aggregate receipts were \$28,832, and the disbursements were \$1800.

There were a number of items in the list of disbursements, but the one that attracted the most attention was that of \$200. Brunner had spent in building a room added to the residence of Mrs. White, his daughter, who resides but a short distance from what is known as the Brunner villa in Alhambra.

"Do you live in that little room," asked Attorney Brunner, "or do you live in the house where you were born?"

"Yes, that is my home; it is the only home I have," said the old man in his broken German way.

Within sight of this little room in the Brunner villa, occupied by Mrs. Brunner and the balance of the family, one of the show places of Alhambra, Good Judge of real estate declared it is worth \$100,000, including the twenty-one acres attached to the place.

Other prominent items in the list are: Loaned to Mrs. White, \$200; paid for Julia, \$200; Oxygenator business, \$900; expenses of the present suit, \$500; lawyers in St. Louis, \$500; trip East last July, \$1000.

LOOKING FOR EACH OTHER.

Husband Returns from Alaska to Find Wife and Litter in Anxious to See Him.

There is a lost husband and a lost wife looking for each other here, the former having returned after a year's absence in Alaska only to find that the latter had moved from the house that they had called home together, and had neglected to leave her present address. On the other hand the wife has learned that her husband has returned from the frozen north and is looking for her, and so she in turn is looking for him.

John Schmidt made his wife, Emma, good-bye on June 2 of last year at 195, a fortune, a residence, a garden, a Crocker street. His destination was Sustina, Alaska, where he expected to at least get started on the road to a fortune. He was a gardener by profession. He sailed from Seattle on July 12 of the same year, and evidently reached Sustina a few weeks later, as his wife received letters from him. The last missive, that came from him was dated in April last, and in it Schmidt directed her not to write him again until she heard from him once more.

During the absence of her husband, Mrs. Schmidt set about earning her own livelihood, and so she has been able to support herself. She is at present rooming at No. 522 West Temple street. Tuesday afternoon she telephoned to a former acquaintance, a man who had been called by the name of Schmidt, to inquire if there was any mail at that address for her. To her great astonishment she was informed that a man representing himself as her husband had called at the house last Sunday in search of her.

No information as to her whereabouts could be furnished him as Mrs. Schmidt had not left her new address when leaving. She lost no time in doing so, then and there, so

Bluff, where she had been enjoying a

rest of four weeks after a continuous

stock season of nine months in Seat-

le.

Miss West comes to the Gorton com-

pany with the reputation of being one

of the best stock leading women on

the Coast. She has never appeared

on a local stage with a stock com-

pany, although she was seen here two

seasons ago at the Auditorium in sup-

port of Nance O'Neil.

She has had a long and varied ex-

perience in stock companies, principal-

ly in the Northwest. Miss West com-

menced rehearsals with the Gorton

company today for "Lost River," the

spectacular melodrama, which will

serve for their second offering. She

will be seen as Ora, the heroine of

the rather thrilling tale, and is one

which will give her many fine oppor-

tunities.

"Lost River" will also serve to in-

troduce a new leading man in the per-

son of Ralph Clements, who will have

the role of Bob Blumington, created

and starred in for two seasons by

Paul Gilmore.

Scientific "Lost River" requires an

exceptionally big production for it con-

tains several scenes, principally

the bicycle race in the third act and

the fight at the toll gate in the fourth

act in which six horses are used.

The Belasco Theater was crowded

last night with college students gath-

ered to see "Going Some," comedy of

college boys and cowboys. U.S.C. stu-

dents gave a box party and there were

several delegations from other schools.

The Wolf. Eugene Walter's play,

which will follow "Going Some" at the

Belsco will give scenic artist Brunton

another chance to display his talents.

The scenes are laid in the Canadian

woods and opportunity is afforded for

several striking pictures.

Law Welch, whose character study

of Morris Goldberg, the Jewish cob-

bler, has made him the star attraction

at the Los Angeles Theater this week

is so enthusiastic over California and

especially Los Angeles that he is

very likely to become a member of

the actor's colony and if his present

plans do not miscarry, before he leaves

the city Tuesday night, he will be the

owner of a fine bungalow in the west-

ern part of the city.

Seats for the engagement of Mrs.

Fiske and the Manhattan Company in

"Becky Sharp" and "Pillars of So-

ciety," at the Mason, for the week

commencing Monday next, will be

placed on sale at the box office at 5

o'clock this morning.

Upon the occasion of former visits

to Los Angeles Mrs. Fiske offered but

one play, she now brings two. "Becky

Sharp" is the most popular play ever

produced by Mrs. Fiske, and her

characterization of the volatile hero-

ine has been declared the perfect em-

bodiment of Thackeray's creation,

which as a stage figure had never been

successfully made use of until placed

in the present play by Langdon

Mitchell.

Mrs. Fiske has but recently added

"Pillars of Society" to her repertoire,

but in the role of Lona Hensel, she has

achieved a success along entirely new

lines. "Becky Sharp" will be played

throughout the week, with Saturday

matinee, with the exception of Wednes-

day afternoon, when "Pillars of So-

ciety" will be given a single presenta-

tion.

Are Completed.

The Pacific Electric will install auto-

matic safety devices at every grade

crossing on its system as soon as tests

that are being carried out now are com-

plete.

Meantime a safety tower at Ononta

Park to cost about \$17,000 will be built.

Already the company has a tower in

operation in South Pasadena, at the

crossing of the Salt Lake line. This

tower cost approximately \$7000 to

build and was erected after an acci-

dent at that point. At the time of the

accident a flagman was stationed there,

but when the tower was erected res-

idence of that position petitioned to have

the tower torn down and asked to have

the flagman replaced.

Two other towers on the Long Beach

line have proved effective at Blauvelt

Junction and at the Southern Pacific

crossing. These towers cost \$14,000

each and have proved so satisfactory

that others will be built.

C. A. Hunt has offered a safety de-

vice which works automatically. An

experimental station was built at Al-

bia, but because of the high voltage on

the rail, or ground line, was burned

out. This has been torn down and is

being reconstructed.

At Oak Knoll, opposite Hotel Went-

worth, there is an automatic bell in-

stalled. Other signals of a similar

character are in operation at Hillside

on the Glendora line, at El Nopal on

the Monrovia line and at Atlanta on

the Huntington Beach run. These sig-

nals are the best for the service, but

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES

## A Rare Achievement

A millionaire could not do better smoke than a Viceroy "Quality" Cigar. Not only owned Cuba's choicest plantations and had his cigars made to order on the ground.

For we get the choicest tobacco from ALL Cuba's plantations. Our factory at Tampa, Fla., employs the most skilled Cuban cigar makers.

## "Quality" Cigarettes

No finer flavored or more  
satisfying cigar than  
are sold at double the price.  
They sell as low as 3 for 2  
greatest cigar value ever offered.  
And you have your choice  
different shapes, in all degrees  
mildness and richness.
